The Osseointegrated Implant Certificate Course - (12 days in 6 Months)

This certificate course will take place within my practice. It will be a limited attendance course run over twelve days in a six month period (two days per month), with the following objectives:

The aim of the course is to follow two patients from their examination, treatment planning, operation (in our practice operating theatre), through to the provisional restoration. Every aspect of the patient's treatment will be covered, including their management within the practice environment.

Each delegate will have the opportunity to be mentored on a single tooth Implant case on a 1:1 basis (with their nurse present). These cases are not included in the course fee, (see note later in this letter) from examination to the fitting of the provisional restoration. The mentoring is performed separate from the main course. The delegate may also choose to be mentored externally nearer to home and then the mentoring fee will not be charged.

Each day will link into the relevant point of the particular patient's treatment plan; it will include a detailed literature review. Presentations will be given with the aid of digital technology or video in the practice lecture theatre.

Delegates will be given tasks to perform each month. These will include a literature review and designing a treatment plan to include writing a treatment planning letter for the Study Case.

The delegates will also need to write the treatment planning letter for their Implant case (their mentored case).

Topics to be covered during this programme include Anatomy, Physiology, Biomaterials and Sterility. Surgical Techniques (including Bone Augmentation and Advanced Surgical Techniques), Implant Impression Techniques, Jaw Registration, Articulation, and Periodontal Considerations (including Guided Tissue Regeneration) it will also include Connecting Teeth to Implants

Medico legal aspects will be covered by Dr Alan Cohen from Dental Protection also from Matthew Hill who is strategy director of the GDC.

Radiography will be fully covered by Dr Andrew Dawood of Cavendish Imaging and Miss Louise Zacharopoulos of Dentsply Sirona. Delegates will also be able to watch a CT scan being taken on one of the patients we shall be following.

Dr Andrea Wraith will talk on medical emergencies.

Dr Nikolaos Gkraniias will talk on Perio-Implant problems.

Introduction

The fee is £4,000 for the ten days, which will include all your literature and lunch. An extra fee of £4,500 will be charged to cover all costs involved in taking your single tooth implant mentored case from surgery to the provisional restoration. (With personal supervision by myself or Dr Nikolaos Gkrantias.)

Acceptance on this course is on a first come basis, and a deposit of £4,000 is required to register. A booking form is enclosed.

Cancellation Notice;

If three months' notice then a full refund is given

If two months' notice 50% refund is given

If less than two months no refund is given.

Please note that cancelled days will be charged at the full rate.

Finally, delegates who complete the course are eligible for the ICOI Fellowship without further examination, and this certificate course is also recognised for 60 verifiable CPD hours. (Or 72 hours if mentored)

Should you require any further information, please do not hesitate to contact my Practice Manager Mrs Sarah Payne.

With kindest regards
Yours sincerely,

Prof. EDWIN L. C. SCHER
BDS (London), LDS, RCS Eng DGDP, RCS Eng

The Course Aims

The Osseointegrated Implant Twelve Day “Certificate Course” (with mentoring)

Aims of the Course:

1. To have a full understanding of all aspects of Implant Dentistry and a Literature review to reinforce that knowledge.
2. To have total understanding of Examination and Treatment Planning an Implant Case.
3. To have a full understanding on how to recognise a complex case and know when to refer and work as a member of an Interdisciplinary team.
4. To perform a single tooth Implant case from treatment planning to the provisional restoration.

Objectives of this course:

1. To be the captain of the Interdisciplinary team and know when to refer for example a sinus graft or a complex case.
2. To comply with recent G.D.C guidelines.

Co-editor of the 3rd ed. of 'Conventional and Implant Treatment of the Edentulous Patient': Surgical and Restorative Procedures

- The British Dental Association - AO 471014
- General Dental Practitioners Association
- London Dental Study Club (1972 – Present)
- The Association of Dental Implantology Great Britain

Curriculum Vitae of Dr Scher

- (founder member and Life Member 2013)
- International Congress of Oral Implantology (board Member 1996 - 2016)
- The American Academy of Implant Dentistry
- The American Society of Osseointegration
- The Association of Dental Implantology Study Club (founder member)
- British Association of Oral and Maxillofacial Surgeons
- The Dental Protection Society – No. 98753
- Founder and Director of “The Journal Club” (2005 – Present)

Lectured in 33 countries, including conferences in London, New York, Paris, Tel-Aviv, Washington, Sydney, Hong Kong and India.

Key note speaker or main podium speaker at these conferences.

List of Lectures most frequently given:

- The Single Tooth Implant.
- The Osseointegrated Implant. An Introduction!
- The Osseointegrated Implant. Is there a Site in your Practice?
- Implants and the Advanced Restorative Case.
- Connecting Teeth to Implants.
- Can You Grow Bone?
- How to Treat the Severely Resorbed Maxilla.
- The Use of Bone Augmentation Procedures in Implant Dentistry.
- The Importance of the Transitional and Provisional Restoration in Implant Dentistry.
- Risk Management when Operating in the Posterior Mandible
- Errors, Gross Errors and Some Solutions
- Complications with the “Single Tooth Implant”
- The Gold Standard: From the Bone Trap to the Onlay Graft
- Risk Management to increase the Predictability in your Implant Practice
- Teeth in an Hour: Fact or Fiction?
- A day on complications and how to prevent them.
- A day on refining your techniques; Piezo-surgery and PRF.

Day 1 - Friday 20th September 2019

8:30 am	Registration and Coffee
9:00 am	Introduction to the Osseointegrated Implant. (Lecture and Case Histories)
10:30 am	MORNING COFFEE
11:00 am	Biology of Osseo by Dr Nikolaos Gkranias
12:00pm	Lecture / Discussion on the Diagnosis and Classification of The Complex Case by Dr Nikolaos Gkranias
1:00 pm	LUNCH BREAK
2:00 pm	Examination of a Simple Case
3:00 pm	Examination of a Complex Case
4:00 pm	AFTERNOON TEA
4:15 pm	An example of treatment planning letters; with a discussion on simple and more complex cases.

Day 2 - Saturday 21st September 2019

- | | |
|----------|---|
| 9:00 am | Discussion/Lecture on Bis-Phosphonates. |
| 9.30 am | A Lecture on Risk Management when Operating in the Posterior Mandible. |
| 10:30 am | MORNING COFFEE |
| 11:00 am | Diagnosis and Treatment Planning |
| 1:00 pm | LUNCH BREAK |
| 2:00 pm | Transitional and Provisional Restorations in Implant Dentistry |
| 3:00 pm | The Ultimate Case |
| 4:00 pm | AFTERNOON TEA |
| 4:30 pm | A Discussion on Treatment Planning and a review of the Course Literature. |

TO PREPARE FOR OCTOBER COURSE

1. Presentation of Delegates Single Tooth Implant Mentored Case.

We will need (On Memory Stick, power point or Key Note)

- A. Photographs of Patient (Intra Oral and Extra Oral)
- B. X-rays of Patient
- C. Ridge Mapping?
- D. Study Models on Denar MK II
- E. Full Clinical Notes of Patient
- F. Full Medical History of Patient
- G. Proposed Treatment Planning Letter for Patient (See example on memory stick)

2. If not mentoring - A Similar Presentation

3. Literature Review - See Memory Stick

Day 3 - Friday 25th October 2019

Please find enclosed a map for Cavendish Imaging.

- 9:00 am Live CT Scan of Course Patient
Lecture on CT Scans (By Dr Andrew Dawood)
Please meet promptly at:
Cavendish Imaging,
109 Harley Street,
London W1G 6AN
- 10:30 am Taxi back to the Walpole St Dental Practice
- 11:00 am MORNING COFFEE
- 11:30 am Emergency Procedure with
Dr Andrea Wraith
- 1:00 pm LUNCH BREAK
- 2:00 pm Louise Zacharopoulos *of Dentsply Sirona*
Discussion on Siplant
- 4:00 pm AFTERNOON TEA
Review of Course Literature
- 4:30 pm

Day 4 - Saturday 26th October 2019

- 9:00 am An Introduction to Surgery (Lecture)
- 10:30 am MORNING COFFEE
- 11:00 am Lecture on Surgical Practical
- GROUP 1**
- 12:00 pm LUNCH BREAK
- 1.00 pm Delegates Place Implants into Demo Models.
- GROUP 2**
- 12.00 pm Delegates Place Implants into Demo Models.
- 1:00 pm LUNCH BREAK
- 2:00 pm 'LIVE' Surgery on a Simple Case
(Live Video Link)
- 4:00 pm AFTERNOON TEA
- 4:30 pm Review of Course Literature

Prepare for next time:

1. *Literature*
(see Articles on memory stick)
2. *Treatment plan exercise*
(see slides of case on memory stick "Hartz")
3. *Prepare final treatment planning letter for your*
course patient.

Day 5 - Friday 22nd November 2019

- 9:00 am “Can you Grow Bone”
A Lecture and Discussion on Socket Preservation
- 10:30 am “How did we treat this Patient?” (Hartz)
- 11:00 am MORNING COFFEE
- 11:15 am Presentation by Delegates of Their Cases
- 12.00pm Photography with Peter Gordon
- 1:00 pm LUNCH BREAK & PRACTICAL DEMO ON PHOTOGRAPHY
- 2:00 pm Live Surgery of a “Complex Case”
- 4:00 pm AFTERNOON TEA
- 4:30 pm Review of Course Literature

Day 6 - Saturday 23rd November 2019

- 9:00 am “The Gold Standard”
(A Lecture on Autogenous Bone Augmentation)
- 10:30 am MORNING TEA
- 11:00 am “The Sinus Graft”
(A Lecture on the Sinus Lift Procedure)
- 12: 00 pm LUNCH
(Including a Demo on PRF/PIEZO/Sinus Graft Kit/ Summers Lift Kit)
- 2.30 pm Lecture on Bone Graft materials; allograft and Membrane’s (“AUDREY”)
- 3.15 pm Lecture on Bone Graft using Autogenous Bone and Onlay Grafts from the Hip (“Reed”)
- 4.00 pm AFTERNOON TEA
- 4.20 pm Review of Course Literature

To take home:

1. *Prepare literature for next session.
(see memory stick)*
2. *Treatment plan case
(see memory stick “Amy”)*

Day 7 - Friday 17th January 2020

9:00 am	Exposure of an Implant “Lecture”
10.00 am	How did we treat the Amy Case?
10:30 am	MORNING COFFEE
11:00 am	The Single Tooth Implant “Lecture”
12:00pm	Matthew Hill GDC
1: 00 pm	LUNCH
2.00 pm	Surgical Exposure “Simple Case” (Live Video Link)
3.00 pm	The Three Unit Bridge”Lecture”
4.00 pm	AFTERNOON TEA
4.20 pm	Review of Course Literature

Day 8 - Saturday 18th January 2020

9:00 am	Implants and the Advanced Restorative Case “A step by step Lecture on how we handle the Implant Case within our practice”.
10.00 am	Bar Over-Denture’s Lecture
10:30 am	MORNING COFFEE
11:00 am	Prosthetic Practical
1: 00 pm	LUNCH
2.00 pm	Risk Management to Increase Predictability in your Implant Practice
3.00 pm	Laboratory Practical with Keith Rowe.
4.00 pm	AFTERNOON TEA (Including a discussion with Keith)
4.30 pm	Review of Course Literature

TO TAKE HOME:

1. *Literature Review (see memory stick)*
2. *Treatment Planning Case (“Starling”)*

Day 9 - Friday 7th February 2020

9:00 am	Impressions on a Simple Case
10.00 am	Case Study “Starling” (How did we do it?)
10:30 am	MORNING COFFEE
11:00 am	Medico -Legal Lecture (Alan Cohen of Dental Protection)
12.45pm	Tim Hogan A.D.I. (Association of Dental Implantology)
1: 00 pm	LUNCH
2.00 pm	The Fixed Detachable Bridge
3.00 pm	Connecting Teeth to Implants
4.00 pm	AFTERNOON TEA
4.20 pm	Review of Course Literature

TO TAKE HOME:

1. *Literature Review*
2. *Case History Presentation
(Mrs Chambers and Daily Mail Article)*

Day 10 - Saturday 8th February 2020

- 9:00 am "What Went Wrong"
Complications / Errors Lecture
- 10:30 am MORNING COFFEE
- 11:00 am Perio -Implant problems by Dr Nikolaos Gkraniias
- 1.00 pm LUNCH
- 2.00 pm Fit Abutment and provisional Crown on a Simple Course Case
- 3.00 pm "Teeth in an Hour"
(To Include Mrs Chambers)
- 4.00 pm AFTERNOON TEA
(Award Certificates)

Please keep Friday 14th & Saturday 15th February 2020 free, just in case there is an emergency and we need to rearrange a course day

DAY 11 - To be Confirmed

(A Thursday)

Delegates with their Nurses

(Perform a Mentored Case at The Walpole Street Practice with Prof Scher)

AM

First Delegate and Nurse set up with Our Surgical Nursing staff
(Second Delegate and Nurse Watch)

Single Tooth Implant Placement
(On Delegates Patient)

PM

As before but with the second Delegate and Nurse, the first Delegate and Nurse now observe.

Mentoring for extra cases can be arranged at Walpole Street OR a List of Mentors nearer home can be arranged

DAY 12 - To be Confirmed

(Always Two Delegates with their Nurses)

A Session of Approx Three Hours will need to be booked for Two Delegates

- a. *One delegate and Nurse to Expose Implant with Dr Scher while the other delegate watches; (ten days later a suture removal appointment will also be required). The second Delegate will then Expose their Implant while the First Delegate watches.*

Always on a Thursday, Two Delegates with their Nurses

- b. *A two hour session FOR both Delegates to take an impression of their Patient.*
- c. *A two hour session FOR both Delegates to fit the Post, Provisional Plastic crown and adjust the occlusion if needed.*

(B and C sessions will be performed with your nurse and my Implant Nurse present with Prof Scher in the background to check each procedure)

Enclosures

Please find enclosed:

An Implant Referral Form

Articles about the Year Course from the Press

An information leaflet about Dental Implants

An envelope for your Booking Form
